We have just received a large Shipment of the Celebrated **"MELROSE ABBEY" ALPACAS, BRILLIANTINES, MOHAIRS, CASIMERES,** Gros de Venice, Gros De Zurich, &c., purchased in Europe before the recent great advance.

It may not be generally known, that owing to the high price of wool, the scarcity of labor, and above all the great desirability of these goods, the prices in Europe have advanced over 25 per cent. We therefore consider ourselves fortunate in having secured these goods at *old prices,* and we shall sell them at old *prices* as long as they last.

We are daily receiving large assortments of goods for the Holidays, many of them direct from Germany, our own importation,

Which we offer, Wholesale & Retail.

[From the Evening Post.]

The Boston Doctors.

[The Massachusetts Medical Society attempted to expel at a sitting, about sixty of its members—many of whom were graduates of Harvard—because they practised homœopathy. The conclave sat with closed doors, made no specific charges, and were about to proceed in a most imperious and unprecedented manner, when the Sheriff appeared with an injunction, which put an immediate quietus upon the proceedings.]

The Doctors of Boston in conclave assembled,
Embracing the learning and wisdom of time,
Have shaken their heads, while society trembled,
And ask'd, in amazement, the *name of the crime*
That would throw sixty men from the arms of its shelter,
Unheeding gray hair or an unspotted fame?
Would cut them adrift, send them forth helter-skelter,
In spite of position and honor and name.

Now, was it because in the treatment of cases
They did not rely on the old "*chlorid. mit.,*"
Forsaking the lancet, yes, even in "*stasis,*"
Refusing to blister a man in a fit?
Had turpentine handed *en masse* to the painter,
Had sent castor-oil to the wheelwright for use,
While cries of the suff'ring grew fainter and fainter,
Were these the foundations? was this the excuse?

Th' expelling committee were perfect in knowledge;
Each brain was o'erflowing with science and art;
So they ostracised all who came out of the College,
Who dared from *their* tenets or creeds to depart.
They do not allow one to follow the guiding
Of that he in conscience believes to be *right*.
At once they accuse him of fearful backsliding
And quietly push him aside—out of sight.

So in council assembled, the "*knights of the bolus,*
Neglecting their patients and potions and pills,
Shut tightly the doors of their hall, and each *solus*
Resolved to expunge the Society's ills.
And now, as their dignity proudly was swelling,
So happy in reaching their acme of bliss,
The moment arrived for the wholesale expelling,
When in walked the Sheriff and said—"sirs, read this."

Oh! then what a scene! oh, what fearful grimaces
Those Doctors assumed, as their plans were all foiled,
One would think, as he look'd at their quizzical faces,
That each had in turn been right well *castor-oiled*.
And never, while yet during lifetime a function
Proceeds in their bodies or minds undisturbed,
While those Doctors forget that most potent *injunction*—
The time, nor the manner in which it was served.

NEWPORT DAILY NEWS.

MONDAY, Dec. 11, 1871.

Editorial Notes.

The distinguished woman suffragists who were engaged in solemn conclave in Washington last week, were numerous. Among the number were Mrs. Julia Howe, Col. T. W. Higginson, Lucy Stone Blackwell, Mrs Campbell, Mrs. Bowles, Governor Campbell of Wyoming, Honorable George F. Hoar, and Rev. James Freeman Clark of Massachusetts, Senators Wilson and Morton, and Representatives Dawes and Maynard.—There were three sessions Saturday at which several addresses were delivered.—Mrs. Victoria C. Woodhull Blood Demosthenes was there, but as her ideas on the subject are a little too far in advance of her own party, she was not permitted to take part in the meeting.

What is known to the inhabitants of Pittsburgh as a "literary burglar" has been successfully at work at the Alleghany Library in that city. He seems to be an exceedingly skillful individual, since he leaves no traces of any kind. He works by night or in the daytime while the librarian is at his meals, just as the fancy seizes him. His last exploit was on Thursday last, when he came in while the librarian was at dinner and cleared the tables of the fresh magazines which had just been put out that day; and yet there is not the slightest clew which gives a hope that he may be found out. Finding it impossible to secure the thief, the directors have adopted a new plan to protect their property, and have fastened a large chain, by means of staples, in front of each case, running all the way round. This is something like locking the stable door after the horse has left; at any rate, it will do very well as an illustration of that saying.

Providence Ahead!

When New England rallies the West on the frequency of divorce it is very much on the principal of Satan rebuking Sin.—Twenty-six cases of this kind came before the court in Prodvience on Thursday last. On Friday there were seventeen more and the court adjourned to hear the remainder next day. In no part of the world are divorces more frequent than in Rhode Island and Connecticut, and Massachusetts is but little if any better in this regard.

An Eccentric Bride.

Of the marriage of Lester Wallack's daughter and Mr. Arthur Sewell, a New York letter to the St. Louis Republican says: The bride is quite young, considered pretty and all the world (in New York) knows she has peculiarities peculiarly her own. During the solemnities of a bridal ceremony it was supposed she would forego the ways and manners that have made her conspicuous in her father's theatre, and in public generally. Unfounded supposition! The church was well filled. The bridal cortege arrived, passed up the long covered passage to the vestibule, and no peal of organ fell on Florence's ear. "What," screamed the bride, with a church full of people in front and a crowd of guests pressing in behind: "No music? I wont be married without music." Several ladies here filled the open door behind the bridal party. The ushers were sent flying after an organist. The bride in streaming white silk, flowing veil and orange wreath, turned upon the crowd motioning them back. She cried: "You can't come in here now, till I pass into church. Keep the door, somebody." Her father tried in vain to calm her. Her proposed husband ventured a word, but she shut him up summarily. No organist was found, the invited guests outside the chapel door were clamorous, and the disappointed damsel reluctantly went up the aisle and was married. As the benediction was pronounced she commenced an animated argument with the happy Sewell. As she passed out of the church, half way down the aisle she spied Tom Baker, the leader of the orchestra at Wallack's and sung out: "Here, what's the reason I had no music?" Unabashed, the gallant Baker replied: "Why didn't you let me know. I'd had the whole orchestra here." I've seen blushing brides, tearful brides, and agitated brides, but if Miss Wallack had been getting married every day for five years she couldn't have been a more self-possessed and easy acting bride than she proved herself.

[illegible] with Little Ones.

Children are troublesome at times, in asking questions, and should be taught not to interrupt conversation in company. But, this resolution being made, we question the policy of withholding an answer at any time from the active mind which must find so many unexplained daily and hourly mysteries. They who have either learned to solve these mysteries, or have become indifferent as to an explanation, are not apt to look compassionately enough upon this eager restlessness on the part of children to penetrate causes and trace effects. By giving due attention to these "troublesome questions," a child's truest education may be carried on. Have a little patience, then; and sometimes think how welcome to you would be an interpreter, if you were suddenly dropped into some foreign country, where the language was for the most part unintelligible to you, and you were bursting with curiosity about every strange object that met your eye.

Newspaper Training.

We can safely recommend a graduate of a newspaper office for almost any station in life, at least for all such as require a pretty good knowledge of the peculiarities and characteristics of the human family. A man who can preserve the serenity of his temper, the sweetness of Christian disposition and an unflagging perseverance amid all the obstacles and difficulties which newspaper publication presents, deserves to be ranked with Job for patience, Baxter for goodness, and the Iron Duke, for instance, for nerve, power, and obstinate determination.—[Christian World.

The Thames Street Lecture Course.—The success of this course is now made certain. Three lectures have already been delivered to full houses. The fourth will be given next Thursday evening by Col. N. G. Axtell, of Westerly, a man well known in the lecture field as a first class writer and speaker. His subject will be "Glimpses of the Great War of the Rebellion,"—a subject which the author is abundantly able to handle as he was an officer in the army during the whole war.

At the Opera House.—The "Color Guard" is the name of a new publication issued by D. E. Graham at the Daily News office. It is a handsome sheet and contains much to interest the public. The subject of especial interest, however, is the announcement that the performance of the Color Guard will commence this evening and continue through the week. We have informed our readers of this fact several times before, and no doubt by this time they have made up their minds that they must attend and see the performance themselves.

Temperance Meeting.—Eureka Hall was more than filled last night by eager listeners to the words of cheer spoken by earnest temperance workers. The meeting commenced at half past five and continued till seven. Addresses were delivered by Mr. O. K. Johnson, John Allan, William Durfee and Benjamin Mumford. These addresses were of a very interesting nature and were listened to with much attention. These temperance meetings are increasing in interest and numbers each night. When they commenced but few attended, now Eureka Hall is not large enough to hold the number that come, and an effort is being made to secure the Opera House for their accommodation.

Accident.—A runaway occurred on Thames street, this morning, by which Mr. Seth Bateman lost a valuable horse. It seems that the team, having been left standing in front of R. S. Barker's store, started down the street, at a moderate pace at first, but taking fright from the ineffectual attempts to stop it, the horse ran with great rapidity, and reaching Mill street, dashed into Denman's window. The broken glass cut the animal severely about the neck and breast, severing several arteries and veins. The blood flowed rapidly and the horse would soon have bled to death, if it had not been stopped somewhat. At last accounts it was thought impossible to save the animal. The damage done to Denman's store and goods was not great. A large crowd gathered round and there was considerable excitement for a time.

Little Compton.

Friday afternoon while Messrs. Nathaniel C. Peckham and George Pearce, of Little Compton, were crossing Seconet river from Rhode Island in a small sail-boat, they were upset when about one-fourth of a mile from the shore. They both got upon the boat, but being chilled were several times washed off. They were finally discovered by Mr. Charles Staples, who found a boat and hastened to their rescue. When he took them off they were nearly helpless, and both were unable to walk when they landed, being exhausted and benumbed with cold. It is believed that they could have survived but a very few minutes longer.

The New Year.—The candle of the old year is burning low. In three short weeks it will flicker and die in its socket; and another year will lie prostrate under the noisome tread of time. The year '71 will then be laid upon its appropriate shelf in the old and musty vaults of time—remembered only for the sorrows it has wrought, while the merry bells will peal glad notes of welcome to the young year, and human voices greet it with a cheery laugh—hoping it may bring some recompense for all the ill-stained evils of the past. Vain hope! It will sweep on, carrying in its bosom the same joys and sorrows for the "sons and daughters of men" as have the years of the dead past, and in its turn be laid away among the relics of the dead ages—sleeping in the charnel house of time, whose noisome aisles echo the tramp of receding centuries.

Portsmouth.

Masonic.—At a regular communication of Eureka Lodge, No. 22, of Ancient, Free and Accepted Masons, the following named persons were elected as officers for the ensuing year:

W M—Edward F Anthony.
S W—Benjamin S. Anthony.
J W—William P Mott.
Treasurer—George B. Anthony.
Secretary—Philip B. Chase.
S D—Fred. Chase.
J L—Benjamin Tallman, Jr.
S S—Edward F. Dyre.
J S—David D. Gifford.
Marshal—George Manchester.
Chaplain—Rev. Benjamin H. Chase.
Sentinel—Benjaman T. Cundell.
Tyler—Charles G. Thomas.

After the election these officers were publicly duly installed by J G W, William Gilpin, of Newport, assisted by R W D P G M, Philip B. Bourn, of Bristol, Benjamin Green as G S W, Dr. Benjamin Green as G J W, and George H. Douglas as G M.

After the installation of the above named officers, the officers of Aquidneck Royal Arch Chapter No. 0, which were elected on Monday evening, the 27th ultimo, were publicly duly installed by P G H, William Gilpin, assisted by P G H P, Philip B. Bourn:

M E H P—Edward F. Anthony.
E H—Borden Chase.
E S—William P. Mott.
C H—Constant C. Chase.
R A C—Benjamin S. Anthony.
P S—Fred Chase.
M V—3, Clarke Chase; 2, Benjamin Carr; 1, Edward F. Dyer.
Treasurer—Benjamin Hall.
Secretary—Rev. Benjamin H. Chase.
Chaplain—Benjamin Tallman.
Sentinel—Charles G. Thomas.

At the close of the installation services a large company of invited guests sat down to a bountiful turkey supper spread in the fine new hall in the lower story of the Masonic building. The excellence of the supper appeared to be fully appreciated. When all who desired to do so had partaken of the supper, the tables were cleared and the hall put in order for dancing. Old and young mingled in the merry dance, with no apparent prospect of closing when our reporter left the hall. Taken altogether this was pronounced one of the most enjoyable affairs of the kind ever held here.

New Books.

Whatever the contents of the holiday publications may prove to be, the exteriors are tempting indeed, and the handsome typographical appearance and really elegant bindings of the juvenile books will make them very attractive gifts. We have just received from Lee and Shephard, the following volumes, just out, which can all be procured at the book store of Charles E. Hammett Jr.

The Right One, by Marie Sophie Schwartz, translated from the Swedish by Selma Borg and Miss Brown. Madame Schwartz's novels, some of which have been translated into our language by these ladies, have received a warm welcome from the lovers of light literature. Her characters are lifelike and interesting and her descriptions of Swedish life, fascinating and instructive.

The Whaleman's Adventures, in the Sandwich Islands and California, is another of the Ocean Series by Wm. H. Thomes. These books are well written, combining instruction with pleasant reading and holding the reader's close attention and interest to the end.

Ruby Duke, by Mrs. H. R. Polwin, is neatly gotten out by the publishers, and looks interesting. Ruby Duke is the name of the heroine. The book has its moral, sugar coated to be sure, but there, nevertheless, and its characters are more like real folks than are those of many books we take up.

The Young Dodge Club among the Brigands, is by Prof. De Mille of course, and the boys will hail it with genuine pleasure. Uncle Moses, with four of his favorite nephews Frank, Clive, Daniel and Bob are making an European tour and the first chapter finds the merry party in Naples. Their "good times" are many, their adventures curious, and the boys will do well to journey with them through the volume.

The Turning Wheel, the fourth of the Beckoning Series, by Paul Cordon, is something after the good Sunday School child style. The poor, good boys grow rich and the rich, bad boys become poor, the wheel of fortune bring the turning wheel, in which "some go up and some come down." It is interesting and not unprofitable reading however, for our young folks.

The American Home Book is by Mrs. Caroline L. Smith (aunt Carrie) and should be in every home in the land where there are children. Few holiday gifts will be more acceptable than this. The book treats of indoor amusements, giving instructions for games of every description and directions for various kinds of ornamental work, hints for the toilet and the sick room and is indeed, what its name signifies, a home book. The binding is very elegant and tasteful.

Aunt Madge's Story is one of Sophie May's "Prudy Books," and needs no other recommendation to the little six year olds, than this simple statement.

The Children's Treasure and The Infants Delight are two more substantially bound finely illustrated books for the wee little ones, and we hope will prove a treasure and a delight to many a baby on Christmas day.

Messrs. Annable & Allen, 212 Thames St. will commence their first annual sale on Monday Dec. 13th, when they will sell their entire stock at greatly reduced prices. Send for a catalogue with a list of prices. dec9-2t

Four Evils.—Whoever habitually uses any alcoholic preparations as an "appetizer" will be likely to suffer from four evils, viz: an overplus of food in the stomach, impaired ability to digest it, the pangs of dyspepsia, and a doctor's bill. Dr. Walker's Vegetable Vinegar Bitters, the great Teetotal Restorative of the age, without over stimulating the palate or irritating the stomach, imparts a healthful appetite, promotes digestion, regulates the liver and bowels, purifies the blood, and thus, instead of entailing four evils confers four inestimable benefits. nov30 4w

TELEGRAMS.

FROM WASHINGTON.

THE CIVIL SERVICE REGULATIONS

Washington Dec. 10, 1871.

The special to the Boston Journal says: The Civil Service Regulations now being framed by the commission, of which George William Curtis is President, and which Gen. Grant will adopt and enforce without any legislation by Congress, provides that appointments shall be made without any reference to the politics of the appointees, and that no political assessments shall be levied, directly or indirectly, upon any official in the civil service.

Measures Consigned to Oblivion.

There will be a large batch of bills offered at either end of the Capitol tomorrow, but it is not probable that one in ten of them will be heard of again, although anxious constituents may regard the introduction of measures in which they are interested as a first step toward their passage.

Congressional Printing.

The Joint committee on Public Printing is looking into the reporting and publication of the debates in Congress, the contract with Bailey & Rives, the proprietors of the Congressional Globe, having expired with the last Congress. The publication of the debates in the Globe is, however, continued by mutual understanding until a new contract can be agreed upon.

Territories Knocking at the Door.

The Senate Committee on Territories has on its table bills for the admission of Colorado, Utah and New Mexico, but it is not probable that any of them will become States at present, at least not until the apportionment bill has been enacted.

The Insecurity of Life on Steamboats.

Congress enacted last spring a ponderous bill, in twenty sections, providing for the better protection of life on steamboats, which had been prepared at the Treasury Department. The bill is not acceptable to the steamboatmen on the seacoast or on the great lakes and on the Western rivers, who claim that while it entails expense and trouble on them, it does not add to the security of passengers. This opinion is indorsed by several of the supervising inspectors, and a movement will soon be made to have the act materially amended.

The Attorney-Generalship.

Attorney-General Akerman's Georgia friends say that he will not remain much longer in office. Ex-Senator Williams and Solicitor-General Bristow are each mentioned as likely to succeed him. Should Mr. Bristow, who is a loyal Kentuckian, be promoted, Clement H. Hill of Massachusetts now Assistant Attorney-General, will be made Solicitor-General.

The Revival of the American Commerce.

The House Committee of Commerce will meet on Tuesday, when Mr. Lynch will introduce the question of reviving American commerce by the encouragement of shipbuilding. We have here already the rival representatives of wooden ships and of iron ships, each claiming that their branch of industry should be fostered, rather than the other. It is asserted that the iron ship yards on the Delaware river are in a prosperous condition, and that John Roach of New York is establishing a new establishment at Chester, with Henry Steers as its architect, which will compete with the Yards on the Clyde.

Winter Wisdom.

Warm clothing alone will not protect the body against the consequences of the sudden depression of temperature which is concomitant of early winter. Flannel next the skin preserves the animal heat, but it does not impart animal vigor. That property is the special prerogative of Hostetter's Stomach Bitters, which is therefore a specific protection against a majority of the complaints which are most common at this season. For example, a course of the great vegetable invigorant, commenced now, will be almost sure to preclude chills and fever, bilious colic, disorders of the stomach, constipation, and many other complaints which are often the direct or indirect effect of an atmosphere surcharged with cold, unwholesome vapor. Moreover, the system toned and regulated by this means is much more likely to resist pulmonary disease than it would otherwise be; for the influence of searching medicine pervades all the organs, and every fiber and tissue of the frame.—Persons whose vital powers are weak, especially invalid ladies and the aged, all earnestly recommended not to face the winter's rigor without having recourse to this safe and sufficient means of re-enforcing enfeebled nature. Much suffering may be escaped, much danger averted by following this council. Better late than never, is a good proverb, but it is better to be early than late.

Dighton, Mass., August 16, 1871.
Messrs. Flint & Co.—Dear Sir:—I am only too happy to add my testimony to the mass you have already acquired in relation to the medicinal qualities of Old Dr. Warren's Quaker Bitters. I have not enjoyed good health for years, and have been under the physicians care for the last thirty years, and cannot say that I have been benefited by their treatment. I have tried all the popular medicines of the day, without the least improvement. Six months ago I had a paralytic shock which completely prostrated me. Seeing your Bitters advertised, I was persuaded by my critical condition to try them, although I had tried such a variety of medicines, I did not have much confidence in anything. I have now taken four bottles and have experienced more benefit from their use than all the medicine I have ever taken in my life combined. I can truly say without hesitation that they are the best medicine ever offered to the public.
Respectfully yours, Rev. M. M. Brally.

Providence, R. I., Feb. 11, 1870.
I have used "Dr. Bullock's Nephreticum" for several months past for a disease of the Kidneys and Bladder of ten years standing. During all that long and gloomy period I suffered at times attacks of the most excruciating pains and tried all kinds of medicines and many eminent physicians, with little relief at times, yet with no permanent, lasting benefit. At last I was induced to try "Nephreticum," and after continuing its use for a considerable period of time, I began to be benefited, and now I feel satisfied that I have obtained permanent, and, I trust, lasting relief. I still take "Nephreticum" and give to my friends. For a year past I have had no severe attacks of disease. I feel it has given me a new lease of life, and I most cheerfully and confidently recommend "Nephreticum" as a reliable, safe and sure remedy for diseases of the Bladder and Kidneys.

The Cause and Cure of Consumption.
The primary cause of Consumption is derangement of the digestive organs. This derangement produces deficient nutrition and assimilation. By assimilation I mean that process by which the nutriment of the food is converted into blood, and thence into the solids of the body. Persons with digestion thus impaired, having the slightest predisposition to pulmonary disease, or if they take cold, will be very liable to have Consumption of the Lungs in some of its forms; and I hold that it will be impossible to cure any case of Consumption without first restoring a good digestion and healthy assimilation. The very first thing to be done is to cleanse the stomach and bowels from all diseased mucus and slime which is clogging these organs so that they cannot perform their functions, and then rouse up and restore the liver to a healthy action. For this purpose, the surest and best remedy is Schenck's Mandrake Pills. These Pills cleanse the stomach and bowels of all the dead and morbid slime that is causing disease and decay in the whole system. They will clear out the liver of all diseased bile that has accumulated there, and arouse it up to a new and healthy action, by which natural and healthy bile is secreted.
The stomach, bowels and liver are thus cleansed by the use of Schenck's Mandrake Pills; but there remains in the stomach an excess of acid, the organ is torpid and the appetite is poor. In the bowels, the lacteals are weak, and requiring strength and support. It is in a condition like this that Schenck's Seaweed Tonic proves to be the most valuable remedy ever discovered. It is alkaline, and its use will neutralize all excess of acid, making the stomach sweet and fresh; it will give permanent tone to this important organ, and create a good, hearty appetite, and prepare the system for the first process of a good digestion, and ultimately make good, healthy, living blood. After this preparatory treatment, what remains to cure most cases of consumption is the free and persevering use of Schenck's Pulmonic Syrup. The Pulmonic Syrup nourishes the system, purifies the blood, and is readily absorbed into the circulation, and thence distributed to the diseased lungs. There it ripens all morbid matters, whether in the form of abscesses or tubercles, and then assists Nature to expel all the diseased matter in the form of free expectoration, when once it ripens. It is then, by the great healing and purifying properties of Schenck's Pulmonic Syrup, that all ulcers and cavities are healed up sound, and my patient is cured.
The essential thing to be done in curing Consumption is to get up a good appetite and a good digestion, so that the body will grow in flesh and get strong. If a person has diseased lungs, a cavity or abscess there, the cavity cannot heal, the matter cannot ripen, so long as the system is below par. What is necessary to cure is a new order of things, a good appetite, a good nutrition, the body to grow in flesh and get fat; then Nature is helped, the cavities will heal, the matter will ripen and be thrown off in large quantities, and the person regain health and strength. This is the true and only plan to cure Consumption, and if a person is very bad, if the lungs are not entirely destroyed, or even if one lung is entirely gone, if there is enough vitality left in the other to heal up, there is hope.
I have seen many persons cured with only one sound lung, live and enjoy life to a good old age.—This is what Schenck's medicines will do to cure Consumption. They will clean out the stomach, sweeten and strengthen it, get up a good digestion, and give Nature the assistance she needs to clear the system of all the disease that is in the lungs, whatever the form may be.
It is important that, while using Schenck's medicines, care should be exercised not to take cold; keep in-doors in cool and damp weather; avoid night air, and take out-door exercise only in a genial and warm sunshine.
I wish it distinctly understood that when I recommend a patient to be careful in regard to taking cold while using my medicines, I do so for a special reason. A man who has but partially recovered from the effects of a bad cold is far more liable to a relapse than one who has been entirely cured, and it is precisely the same in regard to consumption. So long as the lungs are not perfectly healed, just so long is there imminent danger of a full return of the disease. Hence it is that I so strenuously caution pulmonary patients against exposing themselves to an atmosphere that is not genial and pleasant. Confirmed consumptives' lungs are a mass of sores, which the least change of atmosphere will inflame. The grand secret of my success with my medicines consists in my ability to subdue inflammation instead of provoking it, as many of the faculty do. An inflamed lung cannot with safety to the patient be exposed to the biting blasts of winter or the chilling winds of spring or autumn. It should be carefully shielded from all irritating influences. The utmost caution should be observed in this particular, as without it a cure under almost any circumstances is an impossibility.
The person should be kept on a wholesome and nutritious diet, and all the medicines continued until the body has restored to it the natural quantity of flesh and strength.
I was myself cured by this treatment of the worst kind of Consumption, and have lived to get fat and hearty these many years, with one lung mostly gone. I have cured thousands since, and very many have been cured by this treatment whom I have never seen.
About the first of October I expect to take possession of my new building at the north-east corner of Sixth and Arch streets, where I shall be pleased to give advice to all who may require it.
Full directions accompany all my remedies, so that a person in any part of the world can be readily cured by a strict observance of the same.

Will be given

Thursday Ev'ng, Dec. 14th.

By COL. N. G. AXTELL, of Westerly.

SUBJECT:

"Glimpses of the Great War of the Rebellion".

Doors open at 7. Lecture begins at 7 1-2 o'clock.

At a Meeting of the City Council, held in Newport, **December** 5th, 1871, the following **Ordinance** was passed:

"An Ordinance in amendment of An Ordinance entitled An Ordinance in relation to the Harbor of the city of Newport, and the power and duties of the Harbor Master thereof."

It is ordained by the City Council of the city of Newport, as follows:

Section 1. So much of Section 6th of said Ordinance as requires the Harbor Master to give bond to the City Treasurer, is hereby repealed; and this Ordinance shall take effect immediately.

Attest: BENJAMIN MARSH, 2d, City Clerk.

$9,000,000.

THE UNDERSIGNED finds it necessary to add still another to his list of **Insurance Companies.** Acting on the principle of representing none but the largest and the best, he has secured the agency of

THE ROYAL, of Liverpool,

which has a paid up capital and surplus of

$9,000,000.

With the experience of the Chicago fire before us it is scarcely worth while to risk one's property in the small and uncertain Companies that are "just as good as any" until the time of trial comes.

☞ Look at this list:

ÆTNA, of Hartford,
(The largest Company in America,)
Assets, $6,000,000.

INSURANCE COMPANY, of North America,
(The Oldest Company in America,)
Assets, $3,000,000.

THE OLD HARTFORD,
(Established in 1810.)
Assets, $1,250,000.

PEOPLES, of Worcester.
(Ever prompt in payment of losses.)
Assets, $600,000.

ROYAL, of Liverpool, England.
ASSETS, $9,000,000.

The public will bear in mind the fact that it costs no more to insure in the above than it does in the numerous small fry concerns, such as went down in the recent disaster, and left their customers without relief. Recollect that the above figures represent the standing of those Companies *after* paying their losses at Chicago.

Dwelling Houses and their contents, insured for three or five years at very low rates. All classes of property covered on short notice.

Pratt's Improved "ADMIRAL".

The improvements lately introduced into the **"ADMIRAL"**, undoubtedly make it the most perfect Cooking Stove yet produced, and we confidently invite a critical examination by all interested in a FIRST-CLASS STOVE.

We ask attention to the following Novelties, viz:

Form of the Oven.—Being nearly square, we are enabled to place in the oven of the eight-inch Stove four ten-inch plates, each upon the bottom and racks thereby baking at the same time twelve pies in the most perfect manner.

By a new and patented *folding Rack* attached to the oven door, the basting of meats may be performed without lifting the same, and when not in use the Rack may be turned up against the door and secured by a button.

The ventilation of the oven is secured by a current of air which becomes highly heated in passing between the plates of the *double back* of the Stove into the oven, thus giving almost perfect evenness of temperature therein.

The Ash-Pit is very large and provided with a pan which can be removed without scattering the ashes.

The hot Closet and hot-water Reservoir may be attached to any of these Stoves, thus enabling parties to add these great conveniences at any future time without changing a single plate.

We also fit this Stove with a *Water Front* for heating bath boilers.

The very large flues sufficient, we believe, for soft coal or any other fuel, insure under all circumstances a quick operating oven.

We also invite attention to the *Fine Boston Castings, close-fitting* doors, perfect joints, elegant form, and design of this Stove.

ENGINEER'S OFFICE, 3D L. H. DIST.,
Tompkinsville, N. York, Nov. 15, 1871.

TO QUARRYMEN AND BUILDERS!

PROPOSALS FOR THE MATERIAL AND LABOR for completing the foundation and constructing the Pier and Landing Wharf for LIGHT HOUSE on

Race Rock, Long Island Sound, N. Y.

SEALED PROPOSALS will be received at this office until noon of December 15th, 1871, for the materials and labor for completing the foundation and for constructing the pier and landing wharf for the Light House for Race Rock, Long Island Sound, according to plans and specifications therefor to be had by parties desirous of bidding on application to the undersigned.

Proposals must be in duplicate accompanied by a guaranty in duplicate—and a printed copy of this advertisement attached to each proposal.

Proposals must be made on the blank forms attached to the specifications furnished by this office—and bidders must conform to the requirements under the head of instructions to bidders.

The following are the quantities and dimensions for the work advertised:

The foundation to be completed by a protection of 5,000 tons of granite blocks quarried regular in shape—and measuring from 4x4x6 feet, 6 inches, to 4x4x4 feet, and weighing from eight to ten tons each.

The pier is to be in shape of the frustum of a cone 37 feet diameter at base—and 32 feet diameter at top, and 28 feet high.

The landing wharf is to be 25 feet wide by 50 feet, 6 inches long.

The following are the estimated quantities required:

41,535.5 Cubic feet of Cut Stone.
7,267.1 " " " Rough "
16,425.7 " " " Concrete.
3,066.4 " " " Brickwork.
5,100 tons of granite for foundation.

THE GREAT CAUSE OF HUMAN MISERY.

Just Published, in a Sealed Envelope. Price six cents.

A Lecture on the Nature, Treatment and Radical Cure of Seminal Weakness, or Spermatorrhoea, induced by Self-Abuse, Involuntary Emissions, Impotency, Nervous Debility, and Impediments to marriage generally; Consumption, Epilepsy, and Fits; Mental and Physical Incapacity, &c.—By ROB. J. CULVERWELL, M. D., author of the "Green Book," &c.

The world-renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequences of Self-Abuse may be effectually removed without medicine, and without dangerous surgical operations, bougies, instruments, rings, or cordials, pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically. This Lecture will prove a boon to thousands and thousands.

Sent under seal, in a plain envelope, to any address, on receipt of six cents, or two postage stamps, by addressing the publishers.

Also, DR. CULVERWELL'S "Marriage Guide," price 25 cents.

Manhood: How Lost, How Restored.

JUST PUBLISHED, a new edition of **Dr. Culverwell's Celebrated Essay** on the *radical cure* (without medicine) of Spermatorrhoea or Seminal Weakness, Involuntary Seminal Losses, IMPOTENCY, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, EPILEPSY and Fits, induced by self-indulgence or sexual extravagance.

☞ Price, in a sealed envelope, only 6 cents.

The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

☞ This Lecture should be in the hands of every youth and every man in the land.

Sent, under seal, in a plain envelope, to any address, postpaid on receipt of six cents, or two post stamps.

WM. E. WILLIAMS. EDWARD BRENNAN.

General Butler announced the other day, while traveling on a Sound steamer, that he favored Speaker Blaine for the Republican nomination for the vice presidency, and he meant to do all he could to help him. The report of this sudden change from hostility to affection, on the part of the late candidate for Governor of Massachusetts, toward his old enemy, the Speaker, causes much astonishment among the politicians in Washington. It was related in a circle of New England Congressmen, and the only explanation suggested for Butler's unexpected anxiety for Mr. Blaine's advancement, was that the General wants to pay off Senator Wilson for his interference in the Massachusetts canvass. Senator Wilson wants to be Vice President—at least Butler supposes so—and the general believes that the best way to nip his aspirations in the bud, is to set up Blaine as a rival New England candidate.

AMERICAN AND FOREIGN PATENTS

R. H. EDDY

SOLICITOR OF PATENTS,

For Inventions, Trade Marks, or Designs,

No. 76 State St., opp. Kilby St. Boston.

AFTER an extensive practice of upwards of twenty years, continues to secure patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, and all papers for Patents, executed on reasonable terms, with dispatch. Researches made to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished, by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

All necessity of a journey to Washington to procure a Patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most *capable and successful* practitioners with whom I have had official intercourse.

CHARLES MASON, Commissioner of Patents."

"I have no hesitation in assuring inventors that they cannot employ a man *more competent and trustworthy* and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE, Late Commissioner of Patents."

"Mr. R. H. Eddy has made for me over THIRTY applications for Patents, having been successful in almost every case. Such unmistakable proof of great talent and ability on his part, leads me to recommend ALL inventors to apply to him to procure their Patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.

JOHN TAGHART."

BOTH SEXES, SINGLE OR MARRIED,

DR. L. DIX'S

PRIVATE MEDICAL OFFICE,

No. 21 Endicott Street, Boston, Mass.,

is so arranged that patients never see or hear each other. Recollect the only entrance to his Office is No. 21, having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

is the only regular graduate physician advertising in Boston.

TWENTY YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

Strangers and Travelers.

To avoid and escape imposition of Foreign and Native Quacks, more numerous in Boston than other large cities,

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and less as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines BY THE DEAD, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cures," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon Mercury, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, alas! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

TO THE LADIES.—The celebrated DR. DIX particularly invites all ladies who need Medical or Surgical adviser, to call at his Rooms, No. 21 Endicott Street, Boston, Mass., which they will find arranged for their special accommodation.

Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, enlargements of the womb, also all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat in his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

MILLIONS Bear testimony to their Wonderful Curative Effects.

DR. WALKER'S CALIFORNIA

J. WALKER, Proprietor. R. H. McDONALD & Co., Druggists & Gen. Agents, San Francisco, Cal., and 34 Commerce street, N. Y.

MILLIONS Bear Testimony to their Wonderful Curative Effects.

They are not a vile Fancy Drink, Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist, there is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No System of Medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

JURUBEBA.

It is NOT A PHYSIC—It is NOT what is popularly called a BITTERS, nor is it intended as such. IT IS A SOUTH AMERICAN plant that has been used for many years by the medical faculty of those countries with wonderful efficacy as a POWERFUL ALTERATIVE and UNEQUALED PURIFIER OF THE BLOOD, and is a Sure and Perfect Remedy for all Diseases of the

LIVER AND SPLEEN, ENLARGEMENT OR OBSTRUCTION OF INTESTINES, URINARY, UTERINE, OR ABDOMINAL ORGANS, POVERTY OR A WANT OF BLOOD, INTERMITTENT OR REMITTENT FEVERS, INFLAMMATION OF THE LIVER, DROPSY, SLUGGISH CIRCULATION OF THE BLOOD, ABSCESSES, TUMORS, JAUNDICE, SCROFULA, DYSPEPSIA, AGUE AND FEVER OR THEIR CONCOMITANTS.

Dr. WELLS' EXTRACT of JURUBEBA

is offered to the public as a great invigorator and remedy for all impurities of the blood, or for organic weakness with their attendant evils. For the foregoing complaints

JURUBEBA

is confidently recommended to every family as a household remedy, and should be freely taken in all derangements of the system, it gives health, vigor and tone to all the vital forces, and animates and fortifies all weak and lymphatic temperaments.
